From the Principal

Last Monday all our teachers were involved in learning about the Keeping Safe: Child Protection Curriculum (KS:CPC)

The Child protection in schools, early childhood education and care services policy (2011) states that “all children and young people in DECD preschools and schools will access approved child protection curriculum”.

The KS:CPC teaches children and young people to recognise abuse, tell a trusted adult, understand what is appropriate and inappropriate touching and ways of keeping themselves safe.

Themes

The curriculum is based on two main themes which are presented through topics and activities.

Theme 1: We all have the right to be safe
Theme 2: We can help ourselves to be safe by talking to people we trust

Focus Areas

The two themes are explored through four Focus Areas, which are examined in growing complexity in accordance with the age of the learners.

1. The right to be safe
2. Relationships
3. Recognising and reporting abuse
4. Protective strategies

Next term all classes will have lessons based on the KS:CPC that will be aligned to the Health curriculum.

External School Review

Thiele Primary School’s External review was held last week over three days. As mentioned in a previous newsletter, the review consisted of interviews with some students, parents, governing council members and staff which provided information / evidence to the review panel about how well the school has been doing in relation to student achievement, growth, challenge, engagement and equity.

Next term the school will receive a written report of the outcomes of the review and this will be able to be accessed from the school website. I would like to thank the parents who made themselves available to talk with the review panel during this process.

Cheers

Japanese Quiz Day Competition

On Wednesday 24th June twelve Year Seven students participated in the Japanese Quiz Day competition held at Education Centre, Hindmarsh. The competition consisted of Year 7s from Sheidow Park PS, North Haven PS, West Beach PS, Thiele PS, Woodcroft PS and Golden Grove PS. Students worked with in teams with other schools to answer a variety of questions about Japanese language and culture. Between rounds students played different games including a Kendama competition and short clips about Japan.

The students did a great job representing the school and enjoyed answering the questions and playing different games between rounds.😊

Respect – Achievement - Integrity - Sustainability
We were lucky to have a visit from the South Australian Police Rock Band recently. These professional performers entertained classes from the three Campus schools, playing a mix of current hits and classic well-known songs, and talking to our students about keeping themselves safe, how to manage bullying, and how to respect others in our school and personal lives.

A great show with a great message!

Thanks to Constable Naomi Tillet (ex-Pilgrim parent) for arranging the performance in her role as Schools Community Liaison Officer for Sturt Police.
