## **From the Principal**

Dear Parents / Caregivers,

In 2015, our school participated in an External School Review. One of the recommendations from the review, was to improve the consistency across the school in relation to “what” is taught in English and Mathematics and “how” it is taught. The “what” is taught is obviously guided by the Australian Curriculum but the “how” is related to pedagogy.

To improve our consistency we developed whole school agreements in English and Maths where staff are committed to providing students with common and consistent learning experiences underpinned by shared understandings of what research says is good pedagogy.

Over the last couple of years we have also been implementing the Art and Science of Teaching which is a common based language of instruction within the High Reliability School's (HRS) Framework. This framework has 5 levels:  
Level 5 – Competency Based Curriculum  
Level 4 – Standards Referenced Reporting  
Level 3 – Guaranteed and Viable Curriculum  
Level 2 – Effective Teaching in Every Classroom  
Level 1 – Safe and Collaborative Culture

To achieve competency as a school in each of these levels takes a number of years. So the HRS framework improves the school as a system and the Art and Science of Teaching (ASOT) is the language of instruction. An example of this is that within your child's classroom you may have seen posters such as WALT (which stands for we are learning to..) and WILF (we are looking for..). These posters are used to outline the learning intentions of what is being taught. If you would like to know more about HRS or ASOT visit the Marzano Institute of Australia – [www.marzano-institute.com.au](http://www.marzano-institute.com.au)

## Hiragana Reading Competition

On Wednesday 10<sup>th</sup> August twelve Year Seven students participated in the 13<sup>th</sup> Annual Hiragana Reading Competition held at Woodend Primary School. The competition consisted of Year 7s from Woodend PS, Sheidow Park PS, Woodcroft PS, Hawthorndene PS, Calvary PS, Thiele PS and Hallett Cove South PS. The morning began with the National Anthems of Australia and Japan and then the teams split into two to participate in a round robin competition. The top four teams from each group played off in the finals.

The students did a great job representing the school. I was a very proud sensei ☺

## CAMPUS LIBRARY

We are looking for some voluntary assistance in the Library, specifically working on the circulation desk, and/or re-shelving books, and shelf tidying. No prior experience is necessary, we are happy to train volunteers. The only requirements are Police Checks (as with all Campus volunteers), there is no cost involved. We are need of help at the following times:

Thursday 8:45am - 10am  
Friday 8:45am - 10am

If you are able to assist with these activities at those times on a regular basis please contact the Library staff. Either drop in to visit us or ring through to the Library via your school.

With an emphasis on providing a safe working environment, we cannot provide an appropriate environment for volunteers to bring along young, pre-school children.

Thank you to all our current volunteers, your support as always is much appreciated.

Maureen Dickson
